

Good Morning everyone, I am sending my apologies, as I am not able to make the meeting today. I'm Leah from Positive Training For Canines. We run fun training classes in Colden Common on a Monday and Tuesday evening and Thursday morning. We only use positive reward based, force free methods, setting dogs up for success to achieve results.

We also run a dog walking service, concentrating on one household at a time to ensure your dog has 100% of our attention. We work on issues raised by owners like pulling on the lead, lack of concentration, reacting to people and other dogs and many other issues. We offer mental stimulation as well as the physical exercise to ensure the dog is tired when we leave.

We have many workshops running on loose lead, recall, and scent. We also hold themed social walks and run courses in fun agility.

If you know of anyone taking on a puppy or a rescue dog, or someone having an issue with their dog, big or small, please put them in touch with our friendly team at Positive Training For Canines.

Hope you all have a good meeting and have a successful week. See you soon.
