

Hi, I'm Paul Hyans and today I am subbing for Tracy Weeks of Purplelily Design who provides freelance Graphic Design to make your business stand out!

Tracy says she is sorry she can't be at NCF today, she was due to be in Bournemouth working on site today, but the client messaged last night to say they are happy for her to work from home, however this is a LOT to do.

A unique specimen, Purplelily Design is Tracy's creation and she works as an established freelance Graphic Designer with a professional nature and an eye for detail.

Whether you are looking for a logo and brand for a budding new business; a bold and beautiful brochure; or a bloomin' marvellous banner, contact us now and see your business flourish. Don't shy away and be a 'business wallflower', and let Purplelily Design make your business stand out!

Tracy is also currently working on 3 new logos for new clients (thanks Teresa for 1 referral); banner stands, business cards, A6 postcards and is close to approval on a leaflet for Bramdean House – watch this space!
