

Hi I'm Alex McWhiter of Merdon Financial, I'm away on holiday right now but today I'm being represented by.....

I'm an independent whole of market financial adviser offering advice on all financial products from pensions and investments through to mortgages and life insurance or critical illness protection.

I offer holistic financial advice by which I mean that I look at your whole financial situation and your life plans rather than just what you are doing just now.

Today with the end of the tax year just under a month away I'd like to remind you that there's still time to top up your ISA allowance to the limit of £15 540 so that your savings are protected from the taxman. Don't forget there's the new Lifetime ISA for those of us fortunate enough to still be under 40.

You could also think about a last minute top up of your pension, especially if you have the nice problem of hitting the higher tax bracket this year.

Whatever your financial needs are, let's have a free no obligation chat. That's Alex McWhirter of Merdon Financial.
